

## **JUBAIL ISLAND AND LEAD DEVELOPMENT RECOGNISED BY ABU DHABI CITY MUNICIPALITY FOR ACHIEVING 7 MILLION MAN-HOURS WITHOUT INJURY**

**Abu Dhabi, 9 December 2022:** Jubail Island and LEAD Development have been recognised by Abu Dhabi City Municipality for achieving a significant health and safety milestone by completing 7-million-man hours without lost time injury (LTI).

Lead Development was commended for the Construction of Villas project in its Jubail Island Development, for maintaining health and safety standards by adhering to the authority's strict regulations and creating a safe environment for all workers.

The award was presented by Abu Dhabi City Municipality, and received by Mounir Haidar, Managing Partner of LEAD Development and Engineer Abdulla Saeed Al Shamsi, Corporate Director of Jubail Island.

LEAD Development work closely with Abu Dhabi Municipality to monitor the construction of Jubail Island, ensuring the adherence of health and safety best practices and compliance within authority requirements. The authority reflects the overall objectives of the development project by delivering the highest safety standards.

Commenting on this achievement, Mounir Haidar, Managing Partner of LEAD Development, said: "It is a great pleasure for us to receive this significant safety award from Abu Dhabi City Municipality, and we would like to express our gratitude to them in recognising this major achievement on the project. I would like to thank Arabian Construction Company and our workforce for their hard work and dedication. Our workforce's wellbeing is of the utmost importance to us, so we invest a lot of resources in ensuring they are properly protected in the safest possible working environment. We pride ourselves on maintaining the very highest health and safety protocols and best practices, and we look forward to striving to achieve the same for the next 7 million man-hours."

**ENDS**
